

Physician Advisory Board

Last Updated Saturday, 08 November 2008

WebCafé has a physician advisory board in place to periodically review site contents for accuracy. After six years of steady growth as a patient-created and maintained site, we are honored and grateful for the support from these experts in the field of urologic oncology.

Of interest to Patients: Dr. Schoenberg broke the communication barrier with the publication of his patient oriented book:

The Guide to Living with Bladder Cancer

Mark P. Schoenberg;

Bladder cancer is one of the most common cancers - and one of the least discussed. In this large-print guide, Dr Schoenberg and the faculty and staff of the Johns Hopkins Genitourinary Oncology Group explore what you need to know about the symptoms, diagnosis and treatment of bladder cancer
